Academic Code of Integrity

Students are expected to abide by The University of Arizona Code of Academic Integrity. 'The guiding principle of academic integrity is that a student's submitted work must be the student's own.' If you have any questions regarding what is acceptable practice under this Code, please ask an Instructor.

Accommodating Disabilities

The University has a Disability Resource Center. If you anticipate the need for reasonable accommodations to meet the requirements of this course, you must register with the Disability Resource Center and request that the DRC send me, the Instructor, official notification of your accommodation needs as soon as possible. Please plan to meet with me by appointment or during office hours to discuss accommodations and how my course requirements and activities may impact your ability to fully participate.

Assignment Policies

<Put your own material for the staff in red>

- How to submit your assignments: How do you want students to submit assignments? Do you want them to include any particular identifying information on their assignments? Will assignments be returned to them, or will they just see a posted grade? Anything else that they'd need to know?
- Assignment due dates: Since the Course Schedule section (above) will spell out specific due dates, this section is
used to describe any late penalties and any particulars about exactly when items are due (e.g. "Surface-mailed assignments must be postmarked no later than the stated due date.")

- **Writing style:** Are students supposed to use any particular writing style, such as APA or Chicago Manual? Are there any on-line writing resources that might be helpful to your students as they prepare their assignments? What if English is not their native tongue...is help available to them?

- **Late Policy**

**Incomplete**

The current Catalog reads

The grade of I may be awarded only at the end of a term, when all but a minor portion of the course work has been satisfactorily completed. The grade of I is not to be awarded in place of a failing grade or when the student is expected to repeat the course; in such a case, a grade other than I must be assigned. Students should make arrangements with the instructor to receive an incomplete grade before the end of the term ... 

If the incomplete is not removed by the instructor within one year the I grade will revert to a failing grade.

**GRADING:**

**Grading System:** In accordance with the practice of the University appropriate to this class, the following grades may be earned – “A” for a numerical grade of 90-100, “B” for 80-89, “C” for 70-79, “D” for 60-69, and “E” for 59 or less. An “I” or Incomplete may be given at the discretion of the instructor provided that at least 70% of the work of the class has been satisfactorily completed. Remember that for those of you taking this as a graduate-level course, SIRLS & the Graduate College do not accept a D in a course. There are also limitations on the number of Cs that you can receive and still complete the Master’s program. See the University website at: http://catalog.arizona.edu/2004-05/policies/grade.htm.
