MS Data Science Important Dates, Deadlines and Milestones

Capstone

Students will pursue a capstone project (INFO 698) in their final semester. Students should begin speaking with faculty and identifying a capstone project one semester in advance. Capstone approval and registration requests are submitted on Handshake: https://ischool.arizona.edu/individual-studies

Registration

Summer/Fall:
Schedule available: first Week in March
Registration opens: first week in April. Check UAccess Student Center one week prior for assigned enrollment start date.

Winter/Spring
Schedule Available: first week in October.
Registration opens: first week in November. Check UAccess Student Center one week prior for assigned enrollment start date.

Students enrolled in the Global Program will follow a 10-week course module schedule that is dynamically dated. Please contact Holly Brown for questions about registration or contact upGrad representatives for a full schedule of courses.

GradPath Forms

See External GradPath Videos - https://grad.arizona.edu/gsas/gradpath/gradpath-videos These videos provide step by step instructions for completing the online Plan of Study form and other GradPath forms.

Responsible Conduct of Research
A GradPath online form is required prior to submitting your GradPath Plan of Study.

Plan of Study
Required GradPath online form: submit for approval no later than the end of the second semester.

Committee Appointment Form
Open: after approval of the Plan of Study
Recommended: semester prior to graduation (submission of the committee appointment form generates an invoice for degree candidacy, billed to the student's Bursar account).
Required: GradPath online form prior to graduation.

Leave of Absence
Required: necessary prior to the last day of finals in a semester. A leave of absence is not required if the student has a registration record for the semester (e.g. has registered for a class
and then withdrew after two weeks). See https://grad.arizona.edu/policies/enrollment-policies/leave-absence and/or consult with your advisor.

Other GradPath Forms and Petitions
Filed as necessary. See https://grad.arizona.edu/gsas/gradpath/graduate-petition-and-graduate-petition-user-guides

UA Calendars

Drop/Add Dates and Deadlines
Students may drop and/or add courses by following instructions and adhering to deadlines set by the Registrar each semester. Change of Schedule (drop/add) forms are available in departments and can also be printed in .pdf format on the Office of the Registrar's website. To see when a Change of Schedule form is required, see Graduate Dates and Deadlines

Academic Calendar:
https://catalog.arizona.edu/calendar/2019-2020-academic-calendar

Final Exam Schedule:
https://www.registrar.arizona.edu/students/courses/final-exams

Payment Dates and Deadlines:
https://bursar.arizona.edu/dates/deadlines

Registration Dates and Deadlines:
https://www.registrar.arizona.edu/courses/dates-deadlines

Other UA Arizona Calendars (holidays, events, etc.)
https://www.arizona.edu/calendars-events

Students enrolled with the Global Program will have unique dates and deadlines. Please contact Holly Brown with any questions.
Advising Scenarios

Functions of the Graduate Faculty Advisor

The primary functions of the Graduate Faculty Advisor are

- To be a source of academic information for graduate students.
- To provide assistance with details in determining the plan of study.
- To be proficient in inputting, managing and approving forms in GradPath as needed to assure smooth progression to final degree. [Note: Graduate Faculty Advisors are not provided with system access to GradPath, they only approve submitted forms. Students needing assistance with inputting or resolving problems with the online GradPath forms should contact their program coordinator or graduate degree counselor.]
- To provide regular, timely input to students in determining academic progress.

Requirement to Meet

With few exceptions, students are not required to meet with their faculty advisor. Exceptions include, e.g.

- Students placed on academic probation are required to meet with their faculty advisor to discuss the steps to be taken to remediate the problems that led to the probationary status and to develop a written plan of remedial action.
- Some graduate petitions and other forms either require the faculty advisor’s signature or require a letter of support from the advisor.
- To request permission for course overload (>9 units in a regular semester or in summer sessions combined).
- To request permission for out-of-discipline - non-INFO prefixed courses - to apply to the MS Data Science degree. Permission must be requested in advance of registration for the course.

There are several milestones and scenarios where students are recommended to consider consulting with the faculty advisor.

Advising Milestones – Recommended Advising

These include the following program milestones

- Pre-admission: candidates considering applying to one of the School of Information graduate programs are invited to meet with an Academic Advisor to discuss any questions they may have about the program. Advising sessions can be in person, over the phone, or via Skype.
- On admission: Students will be contacted over email with a new student checklist, resources and information about the degree, School of Information, and the University. Students are required to attend the School of Information’s graduate orientation session. International students will be required to follow Check-In procedures (New Students: https://global.arizona.edu/international-students/graduate-students). An optional orientation is offered through the University’s Graduate and Professional Student Council every summer (GPSC Orientation: https://gpsc.arizona.edu/graduate-orientation).
- First semester: Review course selection.
- **Second semester:** Review the Plan of Study worksheet and prepare the Plan of Study.
- **Mid-Program:** In the semester in which the student completes 18 units, review the Plan of Study for changes and answer any questions the student may have about the capstone internship requirement and internship opportunities.
- **Penultimate Semester:** In the semester before the semester the student intends to graduate, confirm all courses are completed or registered for the final semester, the capstone and course is scheduled or completed, and all GradPath forms are completed.

**Recommended Advising Appointments**

Students may wish to consider consulting with the faculty advisor in the following scenarios

- Questions about which courses to take.
- Questions about capstones. The School of Information Internship Coordinator may also be consulted.
- Questions about academic aspects of the program.
- General career questions. The student may also wish to consult with faculty members who have career expertise in specific areas. Students can ask their academic advisor for recommendations.
- When a student becomes aware that their academic performance may result in a grade of less than a B in one or more courses.
- When a student is considering a grade appeal. The Faculty Advisor is not part of the grade appeal process but can review the situation with the student and refer them to the appropriate resources if they choose to pursue a grade appeal.
- Issues or problems with a course, faculty member, staff or another student. Faculty Advisors cannot mediate or resolve disputes but may be able to provide strategies for resolution or coping, and can refer the student to resolution services or formal complaint and grievance procedures on campus.

In general, the Faculty Advisor will not be able to address student questions and concerns in the following areas:

- Routine questions about admissions or other than general questions about the admissions process. These are handled by the School of Information Manager of Administration.
- Questions about scholarships and financial aid. These are handled by the Program Coordinator in the Front Office and counselors in the Office of Financial Aid. Many scholarship opportunities are listed on the School of Information website. See the separate section on Scholarships and Funding in this handbook for additional links.
- Questions about course registration, either routine, or problems such as registration holds. Contact the Program Coordinator in the Front Office.
- Faculty advisors do not have access to the GradPath system other than for approvals, so questions about inputting GradPath forms such as the online Plan of Study or problem resolution with GradPath forms should be directed to the Manager, Graduate Programs who has departmental authorization to access student GradPath records.
- Questions about graduation other than academic questions (such as where do I rent a cap and gown?, or where is my diploma?). Contact the Manager, Graduate Programs for advising and information.
MS Data Science Program Video Supplements and other helpful Advising Resource links

Link to MS Data Science Degree Requirements - https://ischool.arizona.edu/degree-requirements-%E2%80%93-ms-data-science

General Advising – https://www.youtube.com/watch?v=ND9MAvoepkI

- Covers key people, university support resources, office staff, disability resource center, campus health and counseling, technical help and UA helpdesk, and your career path.
- 24/7 IT / Helpdesk - https://it.arizona.edu/service/247-it-support (520) 626-TECH (8324)
- Disability Resource Center - https://drc.arizona.edu/
- Campus Health Counseling & Psych Services (CAPS) - https://health.arizona.edu/node/40

Time to Degree –
- Master's students are expected and required to complete their coursework and graduate within six years from the date of the first course on their plan of study. https://grad.arizona.edu/policies/academic-policies/time-degree

Academic Progress and Degree Policies – https://www.youtube.com/watch?v=7tgtvmGnKZs

- Discusses adequate academic progress, minimum GPA requirements, continuous enrollment, leaves of absence, incompletes and syllabus policies.
- If you fall behind and are in danger of getting a C or lower in one or more courses, make an advising appointment to discuss options before the semester ends and a final grade is awarded.

Plan of Study and Degree Completion – https://www.youtube.com/watch?v=IlZFiTqcRjk

- Planning and filing your Plan of Study and other paperwork needed to complete your degree.
- External GradPath Videos - https://grad.arizona.edu/gsas/gradpath/gradpath-videos These videos provide step by step instructions for completing the online Plan of Study form and other GradPath forms.

Capstones –
- Apply for Credit: https://ischool.arizona.edu/internships/apply-for-credit

D2L Youtube Playlist – https://www.youtube.com/playlist?list=PLxHabmZzFY6mtggGZAitZ61kmpS-pMiaM

- This is a playlist of about 20 short videos demonstrating the D2L Brightspace learning environment.
Other Advising Resources

Graduate Petitions –
https://grad.arizona.edu/gsas/gradpath/graduate-petition-and-graduate-petition-user-guides

- The graduate petition is required whenever a student wishes to take a Leave of Absence, request a retroactive change to their enrollment record, or wishes to request permission for an exception to a Graduate College policy. Petition forms route through various reviewers.
  - Submission of a petition does not guarantee that it will be approved.
    - Graduate Petition General Instructions
    - Submitting a Course Extension Petition
    - Submitting a Medical Leave of Absence Petition
    - Submitting a Non-Medical Leave of Absence Petition
    - Submitting a Program Extension Petition
    - Submitting a Retroactive Enrollment Change
    - Submitting an Other Graduate Petition

Grade Appeal –
https://catalog.arizona.edu/policy/grade-appeal

- If you want to appeal a course grade, the process must be followed exactly, and there are deadlines that must be kept.

Graduate Grievance Policy –
https://grad.arizona.edu/policies/academic-policies/grievance-policy

- Review the grievance policy to determine what kind of grievances can be reported and resolved and by whom.
- Your academic advisor does not mediate disputes or resolve grievances between students and faculty, administration or staff, but may be able to listen to issues and suggest strategies for dealing with problems.
- Allegations of discrimination based on race, color, religion, sex, national origin, age, disability, veteran status, sexual orientation, gender identity, or genetic information are dealt with by the Office of Institutional Equity
- Student Assistance from the Dean’s office also offers conflict coaching during which you and a staff member would discuss the conflict, ways you can approach it, and options you have. Please call 520-621-7057 to schedule an appointment.
- The Ombuds Program is an informal, neutral, confidential and independent resource for any academic or workplace concern.

● https://grad.arizona.edu/new-and-current-students
School of Information Policies

Individual Studies

Independent Studies, Internships, Practica

- Masters Program

Independent Studies, Internships, and Practica are a type of "Individual Study" and may not be taken for more than three credits per semester without advisor approval. A student may not apply more than six credits of Individual Study to the MA-DS degree and must have prior approval from the faculty advisor. Internships and Individual Studies each have restrictions, limitations, deadlines and advising recommendations. See https://catalog.arizona.edu/policy/individual-studies-courses-policies-and-guidelines, https://catalog.arizona.edu/policy/university-wide-house-numbered-courses#individual, https://ischool.arizona.edu/internships, https://ischool.arizona.edu/individual-studies, and other sections in this handbook.
Independent Studies - Policies and Recommendations

The following information **does not apply** to PhD Directed Research or to internships. For more information on internships (courses ending with 93, or the MS Capstone 698 course) see [https://ischool.arizona.edu/internships](https://ischool.arizona.edu/internships) and other sections of this handbook.

**General Policies**

The general policies for Independent studies are summarized at [https://ischool.arizona.edu/individual-studies](https://ischool.arizona.edu/individual-studies). Students are responsible for finding a faculty member whose research is aligned with the student’s interests and should keep in mind that faculty members are not obligated to supervise independent studies. Should a faculty member agree to supervise an independent study, the student and faculty member will draft a contract/syllabus specifying in detail materials to be read, research to be conducted, assignments to be completed, exams to be taken, any tangible work products that the student will produce, and the basis for grading. Learning objectives and outcomes should be clearly defined. Graduate students in the MS-I program should align the independent study with one or more of the [MS Student Competencies and Outcomes](https://ischool.arizona.edu/individual-studies).

The content of an Independent Study course must not significantly duplicate material offered in a regularly scheduled course in the department in the current semester; any exceptions must be approved by the college dean.

**SI Advising Policies and Recommendations**

- Independent studies are discouraged for most students, who are better served by structured coursework in defined areas of information studies where topical areas appear on the student’s transcript, or internships under the supervision of library and information professionals.

- The independent studies option is primarily of benefit for those students who already have a well-defined research path or prior and established interest in an area of data science or information studies not covered by current School of Information course offerings.

- Independent studies may be of particular benefit to graduate students who plan on pursuing the PhD or a research career but who do not want to pursue a full thesis option. Independent studies are discouraged for the purpose of studying for comprehensive exams.

- Independent studies are not advised for students with a GPA of less than 3.5 or students who possess less than stellar research skills.

- Master’s students are required to have completed core courses and 12 units in order to register for an IS.

- Registration for Independent Studies is through the UArizona Handshake System. Instructions are provided at [https://ischool.arizona.edu/individual-studies](https://ischool.arizona.edu/individual-studies).
Transfer Credits

MS-DS

Students with graduate-level transfer credit from other institutions must meet with their faculty advisor to evaluate their transfer for approval to use towards the MS-DS degree early in their first semester. Approval is granted on a case-by-case basis and in conjunction with approval from the UArizona Graduate College.

Students are limited in their choice of free elective options and so the use of UA out-of-department and transfer credit of all kinds needs to be carefully balanced with the student’s interest in other forms of individual study, which also fall under the free elective category.

The Graduate College Policy for Transfer credit: https://grad.arizona.edu/gsas/degree-requirements/masters-degrees#Transfer%20Credit

Up to 20% of the minimum number of units required for a master’s can be transferred from other accredited institutions. Approval must be gained in advance from the faculty advisor and through the Graduate College using the Transfer Credit form in GradPath before the end of the first year of study.
School of Information Appropriate Behavior Policy

All policies and codes of the University of Arizona apply to students in this school. See: http://deanofstudents.arizona.edu/policies-codes for a list of policies. Additionally, the School of Information has behavioral policies. In a class or in communicating with other students, faculty and staff it is perfectly acceptable to disagree with opinions expressed in the posts of your instructor or fellow students, but you are expected to demonstrate professionalism and respect at all times. Personal attacks, bullying, flames, rants or lack of respect will not be tolerated in email, discussion boards or in person. Repeated violations in the school community in or outside of the classroom will be reviewed by the faculty and may result in a recommendation for disqualification from the program or other sanctions to correct the behavior.

The following procedures are to be followed if faculty or staff believe that this policy has been violated:

- Students are expected to follow the appropriate behavior policy in all their activities as a School of Information student. This includes interactions with fellow students, faculty, staff, administration, and community partners. Community partners are encouraged to report any behavior issues to School of Information. Before a student can be referred to the Dean of Students and Graduate College for involuntarily removal from a class or from the program for inappropriate behavior, the following procedures should be followed. The Director of Undergraduate/Graduate Studies and the student's Advisor should be informed whenever any of the following steps are taken. For serious disruptions, the staff or faculty may start at Step 2 or Step 3 as appropriate.

  - **Step 1.** Staff or faculty member should communicate with the student as soon as possible after the first incident of inappropriate behavior to identify the behavior, review the classroom rules (if applicable) and School of Information Appropriate Behavior Policy, and instruct the student on the behavior that is required in the future.

  - **Step 2.** If the inappropriate behavior continues, as soon as practical the faculty or staff member should provide a written warning to the student identifying the prohibited behavior that occurred, the rules that were violated and the behavior that is required in the future. The warning should also include notice that any subsequent violation of the classroom rules and/or the School of Information Appropriate Behavior Policy will result in the faculty/staff member filing a complaint with the School of Information Director of Graduate Studies or Director of Undergraduate Studies. A copy of the warning will be sent to the Director of Graduate Studies and the Graduate Advisor (or Undergraduate Studies, if an undergraduate) and may be placed in the student’s file. If the violation involves classroom behavior the faculty member will also file a Student Code of Conduct Complaint with the Dean of Students Office. [See Policy on Disruptive Behavior for instructions: http://policy.arizona.edu/education-and-student-affairs/disruptive-behavior-instructional-setting and Student Code of Conduct Online Complaint Form]

  - **Step 3.** If the inappropriate behavior is serious or continues after a written warning, the faculty or staff member should document the disruptive behavior in writing and file a School of Information code of conduct complaint with the School of Information Director. If appropriate, a faculty member may at the same time file Student Code of Conduct Complaint with the Dean of
Students Office [See Policy on Disruptive Behavior for instructions: http://policy.arizona.edu/education-and-student-affairs/disruptive-behavior-instructional-setting and Student Code of Conduct Online Complaint Form] The complaint should also include a copy of any written warning provided to the student, as well as any documentation related to prior incidents and the names of any witnesses. The Director of School of Information will report the incident to Graduate College and/or Dean of Students and bring the case before the Faculty for a decision on recommendations for any sanctions that should be applied, which may include involuntary academic withdrawal from the program.

Additional Resources for Faculty/Staff: The Dean of Students Office Dean on Call Program provides faculty and staff with a 24/7 contact to assist with urgent concerns, or emergency and crisis situations impacting the student community. [https://deanofstudents.arizona.edu/emergency/need-help-now]
School of Information “C” Policy

**One grade of C.** Students may present one grade of C for graduation in their program, but it may not be in a required course (for the MS Data Science program, this includes core courses and capstone). A C in a required core course must be repeated in the next semester the course is scheduled. Students may substitute approved courses in the distributed electives.

**Grades below C.** A grade of D or E may not be presented for graduation. If the course is not a required course, the student may retake the course or take an alternative course.

**GRO.** Effective Fall 2011, The Grade Replacement Option (GRO) is no longer available to graduate students.

**Students are required to maintain a GPA of at least 3.00.** If students’ GPA falls below 3.00, they are immediately placed on academic probation. Students placed on academic probation must meet with the faculty advisor to plan a course of action. Students on academic probation for two consecutive semesters are removed from the program by the Graduate College. Such students must re-apply to both the Graduate College and School of Information as non-degree seeking students until GPA is restored.

See also [https://grad.arizona.edu/policies/academic-policies/academic-probation](https://grad.arizona.edu/policies/academic-policies/academic-probation)
Minimum and Maximum Enrollment

MS Data Science
The normal enrollment for School of Information graduate students in the fall and spring semesters is six to nine credits per semester; prior approval is required to take more than nine credits. No more than three credits are allowed for Winter Session; no more than 3 credits are allowed in the summer Pre-session; and no more than two classes each are allowed for Summer Session I and Summer Session II, but not to exceed 3 classes in total combined between Summer Session I and Summer Session II.

The minimum enrollment allowed per semester (fall and spring) is three graduate credits, but note that many financial aid recipients must take at least 5 or more units to maintain eligibility; check with your program or lender. There are some exceptions that must be reviewed and approved by the Advisor. If it is not possible to take the minimum, a student must apply for a Leave of Absence.

Students pursuing the Global program will follow upGrad’s 10-week course schedule and should consult with an upGrad advisor if there are any questions about enrollment.
Out of Department Classes

Out-of-department courses must be at the graduate level (course number 500 or higher), taken for a grade, and support a student's program of study. Any out-of-department classes chosen counts as part of their curricular options. The Academic Advisor must give written (email) pre-approval for an out-of-department class before it begins. There are exceptions, including courses that have been pre-approved as out-of-department courses and certain cross-listed courses. For questions, please check with your Academic Advisor.
Non-Degree Seeking Status

The School of Information follows University of Arizona guidelines and policies on Non-Degree Seeking students. See https://grad.arizona.edu/admissions/types/non-degree-seeking-students

Students wishing to take School of Information classes as Non-Degree Seeking students (NDS) must apply to the Graduate College. A fee is assessed by the Graduate College for this applying. Contact the School of Information Office, for more information.

School of Information accepts non-degree seeking students according to the following policies:

- Unless a prospective student has a GPA issue, students seeking to pursue the MS-DS are advised to apply directly to the MS-DS rather than starting in NDS status as admission deadlines, application fees and admissions criteria are the same for both.

- NDS looking to increase their GPA to meet the Graduate College requirement of 3.0 in order to matriculate to a degree seeking status are required to take a minimum of 6 graded units. A maximum of 12 NDS units may be transferred toward the program.

- If a non-degree student receives a grade of "C" or lower, this performance is considered in the admission process and may result in failure to be admitted into the program. Courses in which students receive a grade of "C" or lower cannot be transferred into the program.

- Non-degree students must be "continuously enrolled" to maintain their non-degree seeking status with the Graduate College. If a non-degree student does not enroll for at least one class in a regular semester, that student must re-apply to the Graduate College as a non-degree student.
University of Arizona Policies

All policies and codes of the University of Arizona apply to students in the School of Information. See: http://deanofstudents.arizona.edu/policies-codes for a categorized list of policies. This section calls your attention to some of them that frequently come up in the course of advising or other routine activities.

Graduate college policies are summarized at https://grad.arizona.edu/policies:
Incomplete Policy

Per the University of Arizona General Catalog:

"The grade of I may be awarded only at the end of a term, when all but a minor portion of the course work has been satisfactorily completed. The grade of I is not to be awarded in place of a failing grade or when the student is expected to repeat the course; in such a case, a grade other than I must be assigned. Students should make arrangements with the instructor to receive an incomplete grade before the end of the term.

School of Information Instructors are strongly encouraged to use the Report of Incomplete Grade form as a contract with the student as to what course work must be completed by the student for the I grade to be removed and replaced with a grade.

Effective Fall Semester 1977, if the incomplete grade is not removed by the instructor within one year the I grade will convert to a failing grade.

For complete information, see https://www.registrar.arizona.edu/grades/incomplete-i-grade
Syllabus Policies

By placing this URL on a syllabus, instructors no longer need to list the individual policies, [https://academicaffairs.arizona.edu/syllabus-policies](https://academicaffairs.arizona.edu/syllabus-policies). Review this link to see the individual policies that apply to syllabi containing it including:

- Absence and class participation
- Threatening behavior policy
- Accessibility and Accommodations
- Code of Academic integrity
- Nondiscrimination and anti-harassment
- Subject to change statement.
Code of Academic Integrity
